- All **MaxDrv** models come with a case for storage and handling.

4HP-HD

- Our **4HP-HD** low profile power head is the only tool on the market that has extended warranty.

- Each TorsionX **tool** has a unique **QR Code** that can be scanned for tool information: calibration certificates, O&M manual, exploded views, and videos for best operating practices.

Código QR

- **Laser engrave** the name of your company on the tool.
